Management Information Circular

MANAGEMENT INFORMATION CIRCULAR

VOTING AND PROXIES

Solicitation of Proxies

This Management Information Circular (the "Information Circular") is furnished in connection with the solicitation by the management of Grenville Strategic Royalty Corp., of proxies to be used at the Annual and Special Meeting of shareholders of the Corporation (the "Meeting"), to be held on June 14, 2016 at the time and place and for the purposes set forth in the Notice of Annual and Special Meeting of shareholders of the Corporation (the "Notice of Meeting") or any adjournment thereof.

Unless otherwise noted or the context otherwise indicates, references to the "Corporation" and "Grenville" refer to Grenville Strategic Royalty Corp. (formerly Troon Ventures Ltd.), and references to "Grenville Ontario" refer to Grenville Corporation (a successor to Grenville Strategic Royalty Corp., an Ontario corporation), a wholly-owned subsidiary of the Corporation. Unless otherwise indicated, all dollar amounts in this Information Circular are given as of May 12, 2016. All dollar amounts in this Information Circular refer to Canadian dollars, unless otherwise indicated.

Solicitation of proxies will be primarily by mail but may also be by telephone, facsimile or in person by directors, officers and employees of the Corporation who will not be additionally compensated therefor. Brokers, nominees or other persons holding shares in their names for others shall be reimbursed for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such shares. The Corporation will assume the costs of solicitation, which are expected to be minimal.

Appointment and Revocation of Proxies

The persons named as proxyholders in the enclosed form of proxy are directors and/or officers of the Corporation.

A shareholder submitting a form of proxy has the right to appoint a person other than the persons indicated in such proxy form to act as his or her proxyholder. To do so, the shareholder must write the name of such person in the appropriate space on the form of proxy.

To be effective, all forms of proxy must be deposited with Computershare Investor Services Inc. ("**Computershare**"), 8th Floor, 100 University Avenue, Toronto, Ontario, by no later than 2:00 P.M. (Toronto time) on June 10, 2016 or, in the case of any adjournment or postponement of the Meeting, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the adjourned or postponed meeting. A person acting as proxyholder need not be a shareholder of the Corporation.

Late proxies may be accepted or rejected by the Chairman of the Meeting at his or her discretion and the Chairman of the Meeting is under no obligation to accept or reject any particular late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

The persons named as proxies will vote or withhold from voting the shares in respect of which they are appointed or vote for or against any particular question, in accordance with the instructions of the shareholder appointing them. In the absence of such instructions, the shares will be voted in favour of all matters identified in the enclosed Notice of Meeting. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and to other matters which may properly come before the Meeting. At the time of printing of this Information Circular, the management of the Corporation knows of no such amendment, variation or other matter expected to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any amendments or other matters not known to management should properly come before the

Meeting, the accompanying form of proxy confers discretionary authority upon the persons named therein to vote on such amendments or matters in accordance with their best judgment.

A shareholder giving a proxy may revoke it at all times by a document signed by him or her or by a proxyholder authorized in writing or, if the shareholder is a corporation, by a document signed by an officer or a proxyholder duly authorized, given to Computershare, no later than 2:00 P.M. (Toronto time) on June 10, 2016, or, in the case of any adjournment or postponement of the Meeting, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the adjourned meeting at which the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof.

Advice to Beneficial Holders

The information set forth in this section should be reviewed carefully by beneficial shareholders of the Corporation. Shareholders who do not hold their shares in their own name should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of shares, or the persons they appoint as their proxies, will be recognized and acted upon at the Meeting.

The information set forth in this section is of significant importance to many shareholders of the Corporation, as a substantial number of shareholders do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to herein as "**beneficial shareholders**") should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of shares can be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Corporation. Such shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as its nominee for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted upon the instructions of the beneficial shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, beneficial shareholders should ensure that instructions respecting the voting of their shares are communicated to the appropriate person.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from beneficial shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by beneficial shareholders in order to ensure that their shares are voted at the Meeting. Often, the form of proxy supplied to a beneficial shareholder by its broker is identical to the form of proxy provided to registered shareholders; however, its purpose is limited to instructing the registered shareholder how to vote on behalf of the beneficial shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. The beneficial shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the beneficial shareholder can call a toll free telephone number to vote the shares held by the beneficial shareholder or vote via the internet at www.proxyvote.com. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A beneficial shareholder receiving a voting instruction form cannot use that voting instruction form to vote shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the shares voted.

Although a beneficial shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or agent of the broker), a beneficial shareholder may attend at the Meeting as proxyholder for a registered shareholder and vote the shares in that capacity.

Beneficial shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for a registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

There are two kinds of beneficial shareholders: those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for Objecting Beneficial Owners) and those who do not object (called "**NOBOs**" for Non-Objecting Beneficial Owners).

Issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents, pursuant to National Instrument 54-101 - *Communication with Beneficial Owners of Securities of Reporting Issuers* and issuers can use this NOBO list for distribution of proxy-related materials directly to NOBOs. The Corporation has decided to take advantage of those provisions of NI 54- 101 that allow it to directly deliver proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive a voting instruction form from the Corporation's transfer agent, Computershare. These voting instruction forms are to be completed and returned to Computershare in the envelope provided or by facsimile. Computershare will tabulate the results of the voting instruction forms received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by voting instruction forms they receive. Alternatively, NOBOs may vote following the instructions on the voting instruction form, by calling a toll free telephone number or via the internet at www.investorvote.com.

All references to "shareholders" in this Information Circular and the accompanying form of proxy, Notice of Meeting are to registered shareholders unless specifically stated otherwise.

Voting Shares and Principal Shareholders Thereof

The authorized share capital of the Corporation consists of an unlimited number of common shares (the "**Common Shares**"). As of May 12, 2016, the Corporation had 106,271,795 Common Shares issued and outstanding.

The Corporation's board of directors (the "**Board**") has fixed a record date of April 19, 2016 (the "**Record Date**") to determine shareholders entitled to receive the Notice of Meeting. The failure of any shareholder to receive a copy of the Notice of Meeting does not deprive the shareholder of the right to vote at the Meeting. Only holders of Common Shares as of the Record Date are entitled to vote such Common Shares at the Meeting.

To the knowledge of the directors and executive officers of the Corporation, as at the Record Date no person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the issued and outstanding Common Shares.

BUSINESS TO BE TRANSACTED AT THE MEETING

Election of Directors

Management of the Corporation proposes the six persons named in the table on the following page as candidates for election as directors. Each elected director will remain in office until the next annual meeting of the shareholders or until his or her successor is elected or appointed, unless his or her post is vacated earlier. The candidates proposed by the management of the Corporation have been directors of the Corporation since the dates indicated below.

Unless instructions are given to abstain from voting with regard to the election of directors, the persons whose names appear on the enclosed form of proxy will vote in favour of the election of each of the six nominees whose names are set out in the table on the following page.

Management of the Corporation does not foresee that any of the following nominees listed below will be unable or, for any reason, unwilling to perform his or her duties as a director. In the event that the foregoing occurs for any reason, prior to the election, the persons indicated on the enclosed form of proxy reserve the right to vote for another candidate of their choice unless otherwise instructed by the shareholder in the form of proxy to abstain from voting on the election of directors.

In order for the resolution to be passed, approval by the majority of the votes cast by all of the holders of Common Shares, present in person and by proxy at the Meeting, is required.

The enclosed form of proxy allows the holders of Common Shares to direct proxyholders to vote individually for each of the nominees named below as a director of the Corporation. At any meeting where shareholders vote on the election of directors, any individual nominee who receives a greater number of votes "withheld" than votes "for" will be required by the Corporation to tender his or her resignation to the Board promptly following the meeting. The resignation will be effective when accepted by the Board. The Board expects that resignations will be accepted, unless extenuating circumstances warrant a contrary decision. The Corporation will announce the Board's decision (including the reason for not accepting any resignation) by news release within 90 days following the date of the Meeting. Any director who tenders his or her resignation in this situation will not participate in any meeting of the Board where his or her resignation is considered. Management of the Corporation has been informed that each of the proposed nominees listed below is willing to serve as a director if elected.

The following table and notes set out the names of the individuals proposed by management for election as directors of the Corporation, their principal occupation, the date they first became a director of the Corporation and the number of Common Shares of the Corporation beneficially owned, controlled or directed, directly or indirectly, by them as at May 12, 2016.

Stock Option Plan

The Corporation maintains a 10% "rolling" stock option plan (the "**Stock Option Plan**") in accordance with Policy 4.4 – *Incentive Stock Options* of the Corporate Finance Manual of the Exchange, a copy of which is attached as Schedule "A" to this Information Circular. The Corporation adopted the Stock Option Plan on February 19, 2014, which replaced Troon's stock option plan and the Stock Option Plan was approved by the Board at the annual and special meeting of the shareholders held on August 15, 2014. The purpose of the Stock Option Plan is to provide incentive to employees, directors, officers, management companies and consultants who provide services to the Corporation and reduce the cash compensation the Corporation would otherwise be required to pay.

The Stock Option Plan is administered by the Compensation Committee, or such duly appointed committee of the Board, senior officer or director of the Corporation as may be designated by the Board from time to time. In administering the Stock Option Plan, the Board will, from time to time and in its sole discretion, determine those participants to whom options are granted, determine the terms relating to options, including the number of Common Shares subject to option, the exercise price, the expiration date of each option and any vesting limitations.

The Stock Option Plan provides that the maximum number of Common Shares which may be reserved for issuance to insiders may not exceed 10% of the Common Shares outstanding at the time of grant. In no case will the grant of options under the Stock Option Plan, together with any proposed or previously existing share compensation arrangement, result in (in each case, as determined on the grant date):

- (a) options granted to insiders within a 12 month period exceeding 10% of the issued and outstanding Common Shares of the Corporation unless the Corporation obtains the requisite disinterested shareholder approval;
- (b) granting any one individual, within any twelve-month period, options to acquire more than an aggregate of 5% of the issued and outstanding Common Shares of the Corporation unless the Corporation obtains the requisite disinterested shareholder approval;

- (c) granting to all persons retained by the Corporation to provide investor relations activities, within any twelve-month period, options to acquire more than an aggregate of 2% of the issued and outstanding Common Shares of the Corporation; or
- (d) granting to any one consultant of the Corporation, in any 12 month period, options to acquire more than an aggregate of 2% of the issued and outstanding Common Shares of the Corporation calculated at the date options are granted to any such consultant.

Options granted under the Stock Option Plan have a maximum life period of 10 years after the grant date.

The option exercise price is established by the Board and may not be lower than the market price of the Common Shares at the time of grant.

The Exchange requires that all listed companies with a 10% "rolling" stock option plan, similar to the Stock Option Plan, obtain shareholder approval of the Stock Option Plan on an annual basis.

Resolutions Approving the Corporation's Stock Option Plan

At the Meeting, shareholders will be asked to consider and, if deemed advisable, approve the following resolution:

"BE IT RESOLVED THAT:

1. the current Stock Option Plan approved by the Board and as described in the Information Circular of the Corporation dated May 12, 2016, be and is hereby approved;
2. the Corporation be and is hereby authorized to grant options to acquire up to 10% of the issued and outstanding Common Shares in the capital of the Corporation in accordance with the terms of the Stock Option Plan; and
3. any one director or officer of the Corporation be and is hereby authorized, for and on behalf of the Corporation, to execute and deliver all documents and do all things as such person may determine to be necessary or advisable to give effect to this resolution, the execution of any such document or the doing of any such other act or thing being conclusive evidence of such determination."

In order for the resolution to be passed, approval by the majority of the Common Shares voted in respect thereof at the Meeting is required.

Unless otherwise instructed, the persons named in the enclosed form of proxy intend to vote in favour of the resolution approving the Stock Option Plan.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of shareholders, but that it also promotes effective decision-making at the Board level.

Effective June 30, 2005, the Canadian Securities Administrators adopted National Policy 58-201 - "Corporate Governance Guidelines" (the "**Guidelines**") and National Instrument 58-101 - *Disclosure of Corporate Governance Practices* which requires that each reporting issuer annually disclose its corporate governance practices.

The following disclosure is based on the disclosure requirements of the Guidelines.

Board Mandate

The Board's responsibility is to supervise and oversee management of the Corporation in accordance with the highest standards of ethical conduct and to act with a view to the best interests of the Corporation and its shareholders. In the discharge of this responsibility, the Board oversees and reviews, directly or through its various committees, the Corporation's results of operations and business initiatives, and identifies and oversees the management of principal business risks affecting the Corporation. The Board is also responsible for reviewing its size and the compensation paid to its members to ensure that the Board can fulfill its duties effectively and that its members are adequately compensated for assuming the risks and carrying out the responsibilities of their positions.

As of the date of this Information Circular, none of the directors are directors of other issuers that are also reporting issuers (or the equivalent) in a territory of Canada or in a foreign territory other than as set out in the table below.

The Board conducts in-camera sessions at each Board Meeting, at which no executive directors or members of management are present. The in-camera sessions are intended not only to encourage the

Board to fully and independently fulfill its mandate, but also to facilitate the performance of the fiduciary duties and responsibilities of the directors on behalf of the Corporation's shareholders.

Orientation and Continuing Education

The Board encourages directors to take relevant training programs offered by different regulatory bodies and educational service providers and industry associations, and gives them the opportunity to expand their knowledge about the nature and operations of the Corporation's business. During the year ended December 31, 2015, certain of the Corporation's directors attended continuing education programs and certain of its directors are currently enrolled in such programs.

Composition and Operation of the Board

The Guidelines recommend that a majority of directors of a listed corporation be "independent" as defined by National Instrument 52-110 - *Audit Committees* ("**NI 52-110**"). An independent director is a director who does not have any direct or indirect material relationship with the issuer. "Material relationship" is defined as a relationship which could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment. NI 52-110 further sets out certain relationships which are deemed to be material relationships.

The Board currently has six members. Each director is elected annually by the shareholders and serves for a term that will end at the Corporation's next annual meeting. For the upcoming year the Board believes that six directors is a sufficient number to ensure that the Board will be comprised of directors with a broad range of experience and expertise and will be able to function independently of management.

Given the above determinations, the Board has determined that out of the six members of the Board, five of the members (representing approximately 83.33% of the Board) are independent, with Mr. Parry being the only non-independent member of the Board.

NOTE:

- (1) Ms. Zaradic became an independent director on February 19, 2014 after resigning as President and Chief Executive Officer upon completion of the RTO.

Additional information for each of the directors can be found under the heading "Election of Directors".

Ethical Business Conduct

A director, in the exercise of his or her functions and responsibilities, must act with complete honesty and good faith in the best interests of the Corporation. He or she must also act in accordance with the applicable laws, regulations and policies. In the event of a conflict of interest, a director is required to declare the nature and extent of any material interest he or she has in any important contract or proposed contract of ours, as soon as he or she has knowledge of the agreement or of the Corporation's intention to consider or enter into the proposed contract. In such circumstances, the director in question shall abstain from voting on the subject.

Board Committees

The Corporation has three committees of the Board, namely, the Audit Committee, the Corporate Governance and Nominating Committee, and the Compensation Committee. The Board does not have any other standing committees.

The Board has not developed a written position description for the committee chairs beyond what is stated in each committee's charter. The committee chairs are expected to supervise the activities of their respective committees and to ensure that such committees are taking all steps necessary to fulfill their respective mandates.

Audit Committee

The members of the Audit Committee are Mr. Tano, as Chairperson, Mr. Sweeney and Ms. Zaradic, each of whom is "independent" for the purposes of NI 52-110. All members of the Audit Committee are "financially literate" for the purposes of NI 52-110. Mr. Sweeney is the Chair of the Audit Committee.

All three members of the Audit Committee have been senior officers and/or directors of publicly traded companies or have been business executives, in each case with the responsibility of performing financial functions, for a number of years. In these positions, each such director has been responsible for receiving financial information relating to the entities of which they were directors, officers or executives. They have, or have developed, an understanding of financial statements generally and of how statements are used to assess the financial position of a company and its operating results. Each member of the Audit Committee also has a significant understanding of the business in which the Corporation is engaged and has an appreciation for the relevant accounting principles used in the Corporation's business.

Further, each member has the requisite education and experience that has provided the member with:

- an understanding of the accounting principles used by the Corporation to prepare the Corporation's financial statements;
- the ability to assess the general application of the above-noted principles in connection with estimates, accruals and reserves;
- experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising individuals engaged in such activities; and
- an understanding of internal controls and procedures for financial reporting.

The Audit Committee's primary responsibility is to assist the Board in discharging its oversight responsibilities with respect to financial matters and compliance with laws and regulations. The Audit Committee's specific responsibilities with respect to its oversight of financial matters include, among other things: to select, evaluate, monitor the independence of, and recommend an auditor to the Board for appointment or reappointment, as the case may be, by the Corporation's shareholders and make recommendations with respect to the auditor's compensation; to review and determine the auditor's fee and the terms of the auditor's engagement and inform the Board thereof; where the Audit Committee may deem it appropriate, to recommend to the Board that the auditor be terminated; to meet with senior management without the auditor present to discuss the performance of the auditor; to pre-approve any audit services, and any non-audit services permitted under applicable law, to be performed by the auditor; to review and approve the audit plan; to review with senior management and the auditor the annual

audited consolidated financial statements, together with the auditor's report thereon and the interim financial statements, before recommending them to the Board, and review with senior management and the auditor the relevant management's discussion and analysis relating thereto; to review other financial reporting and disclosures, including earnings press releases and other press releases disclosing financial information and all other financial statements of the Corporation that require approval by the Board before they are released to the public; to oversee the integrity of the Corporation's financial reporting processes and disclosures, including its internal controls, disclosure controls and procedures and compliance with legal and regulatory requirements, and to report regularly to the Board on such matters; to oversee the Corporation's risk management function; to review with senior management the status of taxation matters; and to review and oversee the Corporation's investment strategies and policies.

The Audit Committee reviews and pre-approves all audit and non-audit services to be provided to the Corporation by its external auditors on an annual basis. Before the appointment of the external auditor for any non-audit service, the Audit Committee considers the compatibility of the service with the auditor's independence.

Audit Committee Charter

The responsibilities and duties of the Audit Committee are set out in the committee's charter, the text of which is attached as Schedule "B" to this Information Circular.

Audit Committee Oversight

At no time has a recommendation of the Audit Committee to nominate or compensate an external auditor not been adopted by the Board.

Exemption

The Corporation is a "venture issuer" as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (Composition of Audit Committee) and 5 (Reporting Obligations) of NI 52-110.

Corporate Governance and Nominating Committee

The members of the Corporate Governance and Nominating Committee are Mr. De Luca, as Chairperson, Mr. Parry and Ms. McLeod-Seltzer. All of the members of the Corporate Governance and Nominating Committee, other than Mr. Parry, are independent.

The Corporate Governance and Nominating Committee's principal responsibilities include:

- developing and recommending to the Board criteria for selecting board and committee members;
- establishing procedures for identifying and evaluating director candidates, including nominees recommended by shareholders;
- identifying individuals qualified to become board members;
- recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;
- reviewing and making recommendations to the Board regarding the appointment and succession of the Corporation's directors and officers;

- developing and recommending to the Board a code of business conduct and ethics and a set of corporate governance guidelines; and
- overseeing the evaluation of the Board, its committees and management.

The Corporate Governance and Nominating Committee regularly reviews the current profile of the Board, including the representation of various areas of expertise, experience and diversity, to ensure that the Board has a sufficient range of skills, expertise and experience to enable it to carry out its duties and responsibilities effectively.

Compensation Committee

The members of the Compensation Committee are Ms. McLeod-Seltzer, as Chairperson, Mr. Sweeney and Ms. Zaradic. All of the members of the Compensation Committee are independent.

The Compensation Committee's principal responsibilities include:

- acting in an advisory capacity to the Board;
- reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluating the performance of the Chief Executive Officer in light of those corporate goals and objectives and determining (or making recommendations to the Board with respect to) the compensation level of the Chief Executive Officer based on this evaluation;
- making recommendations to the Board with respect to compensation, incentive-compensation plans and equity-based plans of the officers, other than the Chief Executive Officer, and directors;
- reviewing and approving, prior to public disclosure, all public disclosure on executive compensation and produce a report on executive officer compensation for inclusion in the Corporation's management information circular and proxy statement;
- in conjunction with the Corporate Governance and Nominating Committee, overseeing the evaluation of, and report to the Board on, the performance of the management of the Corporation; and
- conducting an annual performance evaluation of the Compensation Committee.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

The information contained under the heading "Compensation Discussion and Analysis" relates to the Corporation's current compensation program, which was adopted by the Board following completion of the transactions contemplated by the business combination agreement between Troon and Grenville Ontario, pursuant to which on February 19, 2014 the Corporation completed a reverse take-over business combination with Grenville Ontario (the "**RTO**").

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation's philosophy, objectives and processes regarding compensation of the individuals who

carried out the roles of the Chief Executive Officer and the Chief Financial Officer of the Corporation at any point during the year ended December 31, 2015 and each of the three most highly compensated executive officers of the Corporation, other than the Chief Executive Officer and Chief Financial Officer, whose total compensation was, individually, more than \$150,000 for the 12 months ended December 31, 2015 (each a "**Named Executive Officer**" and collectively, the "**Named Executive Officers**").

Compensation Committee

The administration of the Corporation's compensation practices is handled by the Compensation Committee.

Among other things, the Compensation Committee's role is to ensure that the total compensation paid to the Corporation's executive officers, including the Named Executive Officers, is fair, reasonable and competitive. In the course of reviewing and recommending to the Board the compensation of executive officers other than the Chief Executive Officer, the Compensation Committee annually reviews the performance of the executive officers with the Chief Executive Officer, and the Chief Executive Officer makes recommendations to the Compensation Committee regarding their compensation.

The Compensation Committee will evaluate the performance of the Chief Executive and, based on its evaluation, review and make recommendations to the Board with respect to all direct and indirect compensation, benefits and perquisites (cash and non-cash) for each of the Chief Executive Officer based on such evaluation. The Compensation Committee will also review and make recommendations to the Board with respect to compensation, benefits and perquisites for all other senior executive officers of the Corporation, incentive-compensation plans and equity-based plans, and policies regarding management benefits and perquisites.

Neither the Board nor any committee of the Board has formally established a mechanism to consider the implications of the risks associated with the Corporation's compensation policies and practices. However, the Board and the Compensation Committee inherently consider these risks. The Compensation Committee reviews and manages the policies and practices of the Corporation and ensures that they are aligned with the interests of the shareholders. The Compensation Committee reviews, among other things, the overall compensation and the annual salary increases of the executive officers of the Corporation while keeping as a reference both the financial performance of the Corporation and the turnover risk for the Corporation. The Board also addresses risk related to compensation policies in the context of compensation mechanisms that are linked to the achievement of certain goals or targets (e.g. short term and long term objectives), both financial and otherwise. The Board is involved in the supervision of key projects and initiatives of the Corporation and the manner in which they are being carried out. Consequently, the Board is in a position where it can control significant risks that may be taken by the Corporation's management and ensures that those risks remain appropriate and that members of management do not expose the Corporation to excessive risks.

Each member of the Compensation Committee has direct experience relevant to compensation matters resulting from their respective current and past backgrounds and/or roles. The members of the Compensation Committee have experience dealing with compensation matters in large and small organizations, including public companies.

The Corporation does not have a policy in place that limits the ability for directors or Named Executive Officers to hedge the shares of the Corporation that they own. However, none of the current directors or Named Executive Officers of the Corporation are hedging any of the shares of the Corporation that they own.

Compensation Process

The Corporation has no formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation, or among the different forms of non-cash compensation. Instead, the Board determines subjectively what it believes to be the appropriate level and mix of the various compensation components based on the recommendations of the Compensation Committee.

Compensation Objectives

The Corporation's compensation philosophy for Named Executive Officers is designed to attract and retain talented and experienced individuals by paying modest base salaries plus short and long term incentive compensation in the form of cash bonuses, stock options or other suitable long term incentives. In making its determinations regarding the various elements of executive compensation, the Compensation Committee will have access to and will rely on published studies of compensation paid in comparable businesses.

The duties and responsibilities of the Chief Executive Officer are typical of those of a business entity of the Corporation's size in a similar business and include overseeing the activities of all other executives of the Corporation, representing the Corporation, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

The objectives of the Corporation's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Corporation's continued success;
- to motivate and reward executives whose knowledge, skills and performance are critical to the Corporation's success;
- to encourage executives to manage the Corporation's business to meet its long-term objectives;
- to align the interests of the Corporation's executives with the interests of the Corporation's shareholders by motivating executive officers to increase shareholder value and reward executive officers when shareholder value increases; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar businesses.

The Corporation believes that its current compensation programs are structured to support the achievement of the foregoing strategic objectives.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Corporation expects to undergo rapid growth and is committed to retaining its key executives for the next several critical years, while at the same time ensuring that executive compensation is tied to specific corporate goals and objectives. The Corporation's executive compensation program has been designed to reward executives for reinforcing the Corporation's business objectives and values, for achieving the Corporation's performance objectives and for their individual performances.

Elements of Compensation

The Corporation seeks to achieve the compensation objectives described earlier through different elements of compensation, including salary and both short-term and long-term incentive plans, with the incentives having both equity and non-equity components. The Corporation believes that these various elements are important to effectively achieve the objectives of its executive compensation philosophy.

The elements of the Named Executive Officers' compensation are:

- (a) base salaries;
- (b) annual bonuses; and
- (b) stock option grants.

There is no regulatory oversight of the Corporation's compensation process for the Named Executive Officers.

During the year ended December 31, 2015, the Corporation engaged Gallagher McDowall Associates ("**Gallagher McDowall**"), an outside consulting firm, to provide executive compensation consulting services. Gallagher McDowall provided the Compensation Committee with an analysis of the market competitiveness of the Corporation's executive compensation packages and the design elements comprising such packages. As part of its analysis, Gallagher McDowall conducted a detailed review of the Corporation's executive compensation strategy and long term incentive plan. In addition, a compensation market benchmarking analysis was conducted by Gallagher McDowall for the Corporation's most senior executive positions. As part of its benchmarking and review process, Gallagher McDowall developed a comparator group, comprising 6 companies. The comparator group was reviewed and approved by the Compensation Committee. In determining the comparator group, Gallagher McDowall considered organizations in the broader Canadian financial sector market with similar assets under management, the Canadian executive financial market overall and the Greater Toronto Area financial sector executive market. The Compensation Committee considered the advice from Gallagher McDowall, where appropriate, but also performed its own assessment of competitive compensation requirements to establish the total direct compensation for its executives for the year ended December 31, 2015. It is likely that the Corporation's executive compensation strategy, programs and arrangements for executives and non-management directors will continue to evolve and be revised in the future as a result of further periodic reviews and assessments by the Compensation Committee and changes in circumstances of the Corporation.

Executive Compensation-Related Fees

In November 2015, the Compensation Committee retained the services of Gallagher McDowall to provide an independent review of its executive compensation program. Fees billed by Gallagher McDowall to the Corporation for services provided during the year ended December 31, 2015, relating to executive compensation were \$15,568.50. Gallagher McDowall did not provide any services to the Compensation Committee, the Corporation or management during the year ended December 31, 2014.

Base Salary

The Corporation pays its executive officers a base salary to compensate them for services rendered during a fiscal year. Base salaries are determined for each executive officer based on an evaluation of such officer's experience, skills, knowledge, scope of responsibility and performance. Base salary levels are reviewed and considered annually, and from time to time adjustments may be made to base salary levels

based upon promotions or other changes in job responsibility or merit-based increases based on assessments of individual performance.

The base salary review of any executive officer will take into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the executive officer. Base salary is not evaluated against a formal "peer group".

Annual Bonuses

Commencing with the 2015 fiscal year, the Corporation provides senior executives (including the Named Executive Officers) with the opportunity to receive cash bonuses based on the achievement of both time-based metrics and pre-determined financial metrics based on the free cash flow of the Corporation available for distribution, which is defined by the Corporation as net cash flow used in operating activities plus royalty agreements acquired, less interest payments ("**Free Cash Flow**"). The cash bonuses are primarily designed to align the financial interests of the Corporation's executives with the interests of the Corporation's shareholders. See the "Summary Compensation Table" below for details of the cash bonuses paid to the Corporation's Named Executive Officers for the fiscal year ended December 31, 2015.

Stock Options

The executive officers are eligible to receive option awards under the Stock Option Plan. The Corporation intends for option awards to be an integral part of its overall compensation program as the Corporation believes that the long-term performance of the Corporation will be enhanced through the use of option awards that reward executive officers for increasing long-term shareholder value. The Corporation also believes that such awards will promote an ownership perspective among its executive officers and encourage executive retention. In determining the number of options to be granted to executive officers, the Compensation Committee takes into account the individual's position, scope of responsibility, ability to affect profits and shareholder value and the value of the options in relation to other elements of the individual executive officer's total compensation, including base salary and cash bonuses.

Commencing with the 2015 fiscal year of the Corporation, all stock options granted to the Chief Executive Officer, and certain other executive officers, vest based on the achievement of both time-based metrics and pre-determined financial metrics based on the Corporation's Free Cash Flow. The Board believes that this financial metric is the one most closely aligned with shareholder interests.

Broad-Based Benefits Programs

All full-time employees, including the Corporation's Named Executive Officers, may participate in the Corporation's health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance. The Corporation does not intend to provide perquisites or personal benefits to its Named Executive Officers that are not otherwise available to other employees generally.

Pension Plan Benefits

The Corporation does not have a defined benefits pension plan, a defined contribution plan or a deferred compensation plan.

Termination and Change of Control Benefits

Other than as disclosed below, none of the Named Executive Officers of the Corporation during the year ended December 31, 2015 were entitled to any payments following or in connection with any termination, resignation, retirement, change in control or change in the responsibilities of the Named Executive Officers.

During the year ended December 31, 2015, Messrs. Parry and Tharp and Ms. Theriault were each a party to an executive employment agreement with the Corporation (each, an "**Executive Employment Agreement**") pursuant to which, in the event of a termination without cause: (i) the Corporation will make a payment to such Named Executive Officer equal to all unpaid salary, vacation pay, incentive compensation, and properly incurred expenses, accrued to the termination date; (ii) there will be a continuation of the salary of such Named Executive Officer for a period of: (A) 24 months following the termination date; or (B) six months following the termination date in the case of Ms. Theriault if termination occurred at any time prior to the second anniversary of Ms. Theriault's Executive Employment Agreement; (iii) such Named Executive Officer will be eligible to continue to participate in all benefits, subject to the terms of the applicable plan, for a period of 12 months from the termination date or until the Named Executive Officer obtains alternate coverage under the terms of any new employment or engagement; (iv) such Named Executive Officer's exercise period for any stock options that have vested as of the termination date will be extended for a period of 12 months; and (v) the Corporation will make a payment to such Named Executive Officer equal to the amount of the most recent award made to such Named Executive Officer under any annual incentive compensation plan of the Corporation (collectively, (i), (ii), (iii), (iv) and (v) are referred to herein as the "**Executive Termination Payment**").

The payments and entitlements referred to above (other than any accrued and unpaid wages and vacation pay, and any statutory termination and severance pay, if applicable) are conditional upon the Named Executive Officer executing and delivering a full and final release of any and all claims arising out of the Named Executive Officer's employment with the Corporation and the termination thereof, other than in respect of any indemnity rights that were expressly provided in writing as part of such Named Executive Officer's position with the Corporation.

Pursuant to each Executive Employment Agreement, if, within twenty-four (24) months following a Change of Control (as defined below) the Corporation terminates the Named Executive Officer's employment without cause or the Named Executive Officer resigns his employment for Good Reason (as defined below), the Corporation will pay to the Named Executive Officer the Executive Termination Payment as set out above (provided, however, that in such case the amount payable pursuant to (v) above will be an amount equal to the average of the awards (if any) awarded to the Named Executive Officer for the three most recently completed fiscal years of the Corporation under the annual incentive compensation plan of the Corporation, if established, rather than the amount awarded to such Named Executive Officer in respect of the most recently completed fiscal year of the Corporation), and all of the Named Executive Officer's stock options outstanding on the date of such termination or resignation will vest immediately and will remain exercisable until the earlier of: (a) the anniversary of the termination or resignation of the Named Executive Officer; and (b) the expiry of the original terms thereof, in all cases subject to the terms of the Stock Option Plan.

For the purpose of the above headings:

"**Good Reason**" means the occurrence, within 24 months following a Change of Control, of any of the following without the Named Executive Officer's written consent:

- a) a meaningful and detrimental change in the Named Executive Officer's position, title, office, duties or responsibilities from those in effect immediately prior to a Change of Control;

- b) any reduction in the Named Executive Officer's salary; or
- c) a demand by the Corporation that the Named Executive Officer cease working or providing services for remuneration to another person where the Corporation and the Named Executive Officer had previously agreed that the Named Executive Officer could engage in such activities, provided that a demand that the Named Executive Officer not increase the average monthly hours devoted to such person shall not constitute Good Reason.

"Change in Control" means:

- a) the purchase or acquisition of shares of the Corporation and/or securities (the "**Convertible Securities**") convertible into shares of the Corporation or carrying rights to acquire shares of the Corporation, as a result of which a person, group of persons or persons acting jointly or in concert, all of whom act at arm's length to the Named Executive Officer (collectively, the "**Holder**"), beneficially own or exercise control or direction over shares of the Corporation and/or Convertible Securities such that, assuming only the conversion of the Convertible Securities beneficially owned by the Holders, entitle them to cast more than 50% of the votes attaching to all of the shares of the Corporation which may be cast to elect directors of the Corporation;
- b) approval by the Corporation's shareholders of an amalgamation, arrangement, reorganization, merger or other combination of the Corporation with another corporation(s) pursuant to which the shareholders of the Corporation will not immediately thereafter own shares of the successor or continuing company entitling them to cast more than 50% of the votes attaching to all of the shares in the capital of the successor or continuing company which may be cast to elect directors of that company;
- c) approval by the Corporation's shareholders of a sale of all or substantially all of the Corporation's assets to any person acting at arm's length to the Named Executive Officer; or
- d) Incumbent Directors (as defined below) ceasing to constitute a majority of the Board (other than at the instigation or with the support, directly or indirectly, of Meesrs. Parry or Tharp).

"Incumbent Directors" means any director of the Corporation who was a director of the Corporation immediately prior to the occurrence of the transaction, transactions, elections or appointments giving rise to a Change in Control and any successor to an Incumbent Director who was recommended or elected or appointed to succeed any Incumbent Director by the affirmative vote of the directors of the Corporation, including a majority of the Incumbent Directors then on the Board.

As noted earlier, Mr. Tharp ceased to hold the offices of Chief Executive Officer and President of the Corporation effective as of April 26, 2016. In accordance with the terms of Mr. Tharp's Executive Employment Agreement, the Corporation will pay to Mr. Tharp an aggregate amount equal to: (a) his accrued but unpaid salary, vacation pay, incentive compensation, and properly incurred expenses up to April 26, 2016; (b) payment of an amount equal to twenty-four months of Mr. Tharp's annual salary of \$275,000; and (c) payment of an amount equal to Mr. Tharp's most recent cash bonus, being \$125,000.

DIRECTOR COMPENSATION

The Corporate Governance and Nominating Committee assists the Board with respect to the establishment of the Corporation's compensation program for its directors. The main objectives of the directors' compensation program are to:

- Compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in Board and committee membership, and competitive with other comparable issuers; and
- Align the interest of the directors with the shareholders.

Unlike compensation for the Named Executive Officers, the directors' compensation program is not designed to pay for performance; rather, directors receive retainers for their services in order to help ensure unbiased decision-making.

Effective March 27, 2014, the Corporation adopted the following compensation program for its independent directors:

- Cash compensation of: (i) \$10,000 per fiscal quarter; and (ii) an additional \$5,000 per fiscal year for the chair of each of the Corporate Governance and Nominating Committee and the Compensation Committee; (iii) an additional \$10,000 per fiscal year for the chair of the Audit Committee; and (iv) an additional \$5,000 per fiscal year for the lead director; and
- Option-based awards comprised of an initial grant of options to purchase 200,000 Common Shares (such grant to be made on or about the date on which the director is first elected as a director of the Corporation), with 25% of the Common Shares issuable on exercise of the options vesting on the date of grant and the remaining Common Shares issuable on exercise of the options vesting in equal portions (25%, 25% and 25%) on each anniversary of the date of grant.

Non-independent directors do not receive any compensation for their services as directors.

- (i) provide the Exchange with a completed Form 4F- *Certification and Undertaking Required from a Company Granted an Incentive Stock Option* or similar form required by Securities Laws; and
- (ii) not effect or permit any transfer of ownership or option of shares of the Company nor issue further shares of any class in the company to any other individual or entity as long as the Option remains outstanding, except with the written consent of the Exchange.

5. THE OPTION SHARES

- (a) The aggregate number of Option Shares reserved for issuance under the Plan may not exceed 10% of the Corporation's issued and outstanding Shares on any Grant Date (the "**Maximum Number**").
- (b) Options issued prior to the adoption of the Plan will be included in the Maximum Number and will be subject to the terms of the Plan. To the extent of any conflict between the terms of the Plan and any previous terms governing options issued prior to the adoption of the Plan, the terms under the Plan will govern.

6. GRANT OF OPTIONS

Options may be granted by the Board in accordance with the Plan at any time prior to the termination of the Plan. Options granted pursuant to the Plan will be further described in an Option Certificate and will be subject to the following terms and conditions:

(a) Option Price

The Option Price will be determined by the Board in its sole discretion, subject to the following:

- (i) if the Shares are listed on the Exchange, the Option Price will not be lower than the last closing price for the Shares as quoted on the Exchange prior to the Grant Date, less any discount permitted by the Exchange, and provided that the Option Price will not be lower than the discounted market price (as defined in the policies of the Exchange); and
- (ii) if the Shares are not listed on the Exchange, the price will be determined by the Board, subject to the rules or policies of any stock exchange or quotation system on which the Shares are listed.

(b) Exercise of Options

The Options must be exercised in accordance with the Plan and the Option Certificate and on the terms set out in the resolution of the Board pursuant to which the grant of the Options are authorized. The Corporation will not be required to issue Option Shares in an amount less than a board lot (as defined in the policies of the Exchange), unless such number of Option Shares represents the balance of the Option Shares.

(c) Re-issuance of Options

Options which are exercised, cancelled, or expire prior to exercise continue to be issuable under the Plan.

(d) Blackout Period

The Expiry Date of the Options will be automatically extended by the amount of time set out in this subsection in the event that the Expiry Date falls within a Blackout Period and all of the following conditions exist:

- (i) the Blackout Period is formally imposed by the Corporation pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information. For greater certainty, in the absence of the Corporation formally imposing the Blackout Period, the Expiry Date of the Options will not be automatically extended in any circumstances;
- (ii) the Blackout Period expires upon the general disclosure of the undisclosed Material Information; and
- (iii) the Optionee or the Corporation is not subject to a cease trade order (or similar order under Securities Laws) in respect of the Corporation securities.

If the Expiry Date falls within a Blackout Period and all of the above conditions exist, then the Expiry Date of the Options affected by the Blackout Period will be extended by the length of the Blackout Period plus ten (10) Business Days.

(e) Transferability of Option

The Options are all non-transferable and non-assignable.

(f) Other Terms and Conditions

The Option Certificate may contain such other provisions as the Board deems appropriate, provided such provisions are not inconsistent with the Plan and the requirements of the Exchange.

For as long as the Shares of the Corporation are listed on the Exchange, the Corporation will comply with the following requirements:

- (i) the Corporation may not grant, to any one Consultant, Options to acquire more than an aggregate of 2% of the issued and outstanding Shares of the Corporation in any 12 month period, calculated at the date the Options are granted to the Consultant;
- (ii) the Corporation may not grant, to all persons retained to provide Investor Relations Activities, Options to acquire more than an aggregate of 2% of the issued and outstanding Shares of the Corporation in any 12 month period, calculated at the date the Options are granted to any such person. For greater certainty persons retained to provide Investor Relations Activities include any Consultant that performs Investor Relations Activities and any Employee or Director whose role and duties primarily consist of Investor Relations Activities;
- (iii) Options issued to persons retained to provide Investor Relations Activities must vest in stages over 12 months with no more than one-quarter of the Options vesting in any three month period;
- (iv) the approval of the disinterested shareholders of the Corporation will be obtained:
 - (A) for Options granted to any one Person (including to companies wholly-owned by that Person) within a 12 month period to acquire more than 5% of the issued and outstanding Shares of the Corporation, calculated on the date the Options are granted to the Person;
 - (B) for Options which will result in the number of Options granted to insiders within a 12 month period exceeding 10% of the issued and outstanding Shares of the Corporation; and

- (C) for any amendment to or reduction in the Option Price if the Optionee is an insider of the Corporation at the time of the proposed amendment or reduction.

For the purposes of this subsection, the term "insider" has the meaning assigned in the *Securities Act* (Ontario);

- (v) for Options granted to Employees, Consultants or Management Company Employees of the Corporation, the Corporation and the Optionee will be responsible for ensuring and confirming that the Optionee is a bona fide Employee, Consultant or Management Company Employee of the Corporation, as the case may be; and
- (vi) in addition to any resale restrictions under Securities Laws, and any other circumstance for which the Exchange hold period may apply, where the Option Price includes a discount as permitted by the Exchange, the Options and any Option Shares issued on the exercise of such Options must be legended with a four month Exchange hold period commencing on the Grant Date.

7. TERMINATION OF OPTIONS

- (a) All rights to exercise Options will terminate upon the earliest of:
 - (i) the Expiry Date; and
 - (ii) the date set out in Section 7(b) or (c), as applicable.
- (b) Ceasing to Hold Office

If the Optionee holds his or her Option as a Director and such Optionee ceases to be a Director prior to the end of the Option Period, then the Option will terminate on the Early Expiry Date, unless the Optionee:

- (i) ceases to be a Director as a result of the death or disability of the Optionee, in which case the Option will terminate one year from the date of death or disability of the Optionee;
- (ii) ceases to be a Director:
 - (A) as a result of being convicted in or out of Ontario of an offence in connection with the promotion, formation or management of a corporation or unincorporated business, or of an offence involving fraud; or
 - (B) by order of the British Columbia Securities Commission, the Exchange or any other regulatory body having jurisdiction to so order;
 - (C) where the Director is required to resign as a consequence of ceasing to meet the director qualifications specified in the Business Corporations Act (British Columbia);in which case, the Option will terminate on the date on which the Optionee ceases to be a Director; or
- (iii) remains an Eligible Person, in which case the Board may, in its discretion, allow the Optionee to retain the Option.

- (c) Ceasing to be Employed

If the Optionee holds his or her option as an Employee, Consultant or Management Company Employee and such Optionee ceases to be an Employee, Consultant or Management Company Employee prior to the end of the Option Period, then the Option will terminate on the Early Expiry Date, unless the Optionee:

- (i) ceases to be an Employee, Consultant or Management Company Employee as a result of the death or disability of the Optionee, in which case the Option will terminate one year from the date of death or disability of the Optionee;

- (ii) ceases to be an Employee, Consultant or Management Company Employee:
 - (A) as a result of the Corporation terminating the Optionee for cause; or
 - (B) by order of the Ontario Securities Commission, the Exchange or any other regulatory body having jurisdiction to so order,in which case, the Option will terminate on the date on which the Optionee ceases to be an Employee, Consultant or Management Company Employee; or
- (iii) remains an Eligible Person, in which case the Board may, in its discretion, allow the Optionee to retain the Option.

(d) Vesting on Termination

Unless otherwise provided by the Board, any options that are unvested on the date that the Corporation provides the Optionee with written notice of termination or the Optionee provides the Corporation with written notice of resignation, will automatically terminate on the date of such notice.

(e) Exercise after Death or Disability of Optionee

In the event of the death of an Optionee, the Optionee's Option must be exercised only by the person or persons to whom the Optionee's rights under the Option will pass by the Optionee's will or the laws of descent and distribution. In the event of the death or disability of an Optionee, the Optionee's Option may be exercised to the extent that the Optionee was entitled to exercise the Option at the date of the Optionee's death or disability.

8. ADJUSTMENT OF AND CHANGES IN THE OPTION SHARES

(a) If the Corporation:

- (i) changes its capital structure through stock splits, reverse split, consolidations, recapitalizations, reclassifications, changes in or elimination of par value shares;
- (ii) declares any dividends or makes other distributions to holders of shares;
- (iii) grants any rights to purchase shares at prices substantially below the Option Price as determined in accordance with Section 6(a) to holders of shares of the Corporation; or
- (iv) converts or exchanges its shares for any other securities as a result of a business combination,

then in any such case the Corporation may make such adjustments in the right to purchase granted hereby which are appropriate and reflective of such event, and as may be required to prevent substantial dilution or enlargement of the rights granted to or available for the Optionee hereunder.

- (b) Options for fractional Option Shares resulting from any adjustment in Options pursuant to this Section 8 will be terminated. Any adjustment will be effective and binding on each Optionee for all purposes of the Plan.

9. CHANGE OF CONTROL

In the event of:

- (a) a business combination in which the Corporation is not the surviving Company;
- (b) the Shares being converted into securities of another entity or exchanged for other consideration; or
- (c) an offer for fifty percent or more of shares being made by a third party that constitutes a take-over bid as that term is defined in Multilateral Instrument 62-104 of the Canadian Securities Administrators ("MI

62-104") or would constitute a take-over bid as that term is defined in the MI 62-104 but for the fact that the offeree is not in Ontario,

all outstanding Options will immediately vest, provided that the acceleration of vesting provisions required by the Exchange is subject to the prior written consent of the Exchange, and provided that if such transaction does not close, all such Options which remain unexercised will be deemed not to have vested. In addition, the Board may make such arrangements as the Board deems appropriate for the exercise of outstanding Options or continuance of outstanding Options in the surviving Company.

10. PAYMENT

- (a) Subject as hereinafter provided, the full purchase price for each of the Option Shares will be paid by certified cheque or bank draft in favour of the Corporation upon exercise thereof. An Optionee will have none of the rights of a shareholder in respect of the Option Shares until the shares are issued to such Optionee.
- (b) Upon exercise of an Option, the Optionee shall, upon notification of the amount due and prior to the delivery of the certificates representing the Option Shares, pay to the Corporation by certified cheque or bank draft, such amount as the Corporation shall determine is required to be withheld and remitted to Canada Revenue Agency to satisfy applicable federal and provincial tax and, if applicable, Canada Pension Plan withholding and remittance requirements, or shall make alternative arrangements satisfactory to the Corporation (acting in its sole discretion) in respect of such requirements. Such alternative arrangements for satisfying the withholding and remittance requirements may include, but shall not be limited to, the following:
 - (i) the Corporation may retain and withhold from any payment of cash due or to become due from the Corporation to the Optionee, whether under this Plan or otherwise, the amount of taxes and, if applicable, Canada Pension Plan contributions, required to be withheld or otherwise deducted and remitted by the Corporation to the Canada Revenue Agency in respect of such payment, and shall remit the amount so withheld to the Canada Revenue Agency, as source deductions withheld by it in respect of the issue of the Option Shares; and
 - (ii) the Corporation may deduct from the Option Shares to be issued to the Optionee, a number of Option Shares (the "Cashed-Out Shares") having a market value of not less than the amount of taxes and, if applicable, Canada Pension Plan contributions, required to be withheld or otherwise deducted and remitted by the Corporation to the Canada Revenue Agency in respect of such payment and shall remit to the Canada Revenue Agency the amount (the "Cash-Out Amount") that is equal to the market value of the Cashed-Out Shares, as source deductions withheld by it in respect of the issue of the Option Shares. The Cashed-Out Shares may be retained or sold by the Corporation. In such cases, the Corporation may, at its sole discretion, elect under s. 110(1.1) of the *Income Tax Act* (Canada) not to deduct the Cash-Out Amount in computing its income for any taxation year.

11. SECURITIES LAW AND EXCHANGE REQUIREMENTS

- (a) No Option will be exercisable in whole or in part, nor will the Corporation be obligated to issue any Option Shares pursuant to the exercise of any such Option, if such exercise and issuance would, in the opinion of counsel for the Corporation, constitute a breach of any applicable laws from time to time, or the rules from time to time of the Exchange. Each Option will be subject to the further requirement that if at any time the Board determines that the listing or qualification of the Option Shares under any securities legislation or other applicable law, or the consent or approval of any governmental or other regulatory body (including the Exchange), is necessary as a condition of, or in connection with, the issue of the Option Shares hereunder, such Option may not be exercised in whole or in part unless such listing, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board.
- (b) By accepting and not returning an Option Certificate within 5 days of receiving it in connection with a grant of Options, an Optionee is deemed to have expressly consented to the disclosure by the Corporation of personal and other information regarding the Optionee to any governmental or other regulatory body (including the Exchange or such other self regulatory body or stock exchange having jurisdiction over the

Corporation). In addition, the Optionee is deemed to have consented to the collection, use and disclosure of personal or other information by such governmental or other regulatory body (including the Exchange or such other self regulatory body or stock exchange having jurisdiction over the Corporation) for such purposes as may be identified by such governmental or other regulatory body, from time to time.

12. EFFECTIVENESS AND TERMINATION OF PLAN

- (a) The Plan will be effective upon the later of:
 - (i) approval of the shareholders of the Corporation, if such approval is required;
 - (ii) approval of the Board;
 - (iii) acceptance by the Exchange; and
 - (iv) acceptance by any other regulatory authority having jurisdiction over the Corporation's securities.
- (b) The Board may terminate the Plan at any time provided that the Corporation adopts a new stock option plan. Upon termination of the Plan, previously granted Options will be governed by the provisions of the Corporation's stock option plan adopted by the Corporation from time to time.

13. AMENDMENT OF THE PLAN

- (a) The Board may from time to time amend the Plan and the terms and conditions of any Option granted thereunder, provided that any amendment, modification or change to the provisions of the Plan will:
 - (i) not adversely alter or impair any Option previously granted, except as permitted by Section 8 or 9;
 - (ii) be subject to any regulatory approvals, where required, including the approval of the Exchange where necessary;
 - (iii) be subject to shareholder approval in accordance with the rules of the Exchange in circumstances where the amendment, modification or change of the Plan and terms and conditions of any Option would amend the:

 - (C) maximum term of the Options under Section 3;

 - (G) amend this Section 13; and
 - (iv) not be subject to shareholder approval in circumstances where the amendment, modification or change of the Plan would:
 - (A) be of a "housekeeping nature", including any amendment to the Plan or an Option that is necessary to comply with applicable laws, tax or accounting provisions or the requirements of any regulatory authority or the Exchange, and any amendment to the Plan or an Option to correct or rectify any ambiguity, defective provision, error or omission therein, including amendment to any definitions;

- (B) clarify existing provisions of the Plan that do not have the effect of altering the scope, nature and intent of such provisions;
 - (C) be necessary for the Option to qualify for favourable treatment under applicable tax laws;
 - (D) alter, extend or accelerate any vesting terms or conditions in the Plan or any Option;
 - (E) amend Section 8 or 9;
 - (F) add a form of financial assistance or amend a financial assistance provision which is adopted; or
- (b) Subject to shareholder approval, the Board may from time to time retroactively amend the Plan and, with the consent of the affected Optionee, retroactively amend the terms and conditions of any Options which have previously been granted.

14. MISCELLANEOUS

If there is a discrepancy between the resolution of the Board authorizing the grant of an Option and the Option Certificate, then the board resolution will supersede the Option Certificate and the Option will be as described in the resolution of the Board.
